

MessagePhone Launch: Speaker Bios

Carsten Brinkschulte, CEO of Synchronica

Carsten is CEO and founder of Synchronica. A serial entrepreneur and pioneer in the world of mobile technology, he has founded, transformed, acquired, and sold a number of high-tech software companies. He has accurately identified technology trends and market opportunities and consistently translated them into leading edge products. He has secured highly prized international contracts and his reputation in both the private and public sectors has enabled him to secure the confidence of investors, and to attract high-profile individuals to work with him.

Jacky Lee, Director of KCMobile

Jacky is a director and co-founder of KCMobile (KCM). He has a strong track record in the GSM and CDMA mobile phone sector and is an acknowledged expert in mobile phone design and development. Jacky provides the technical vision for KCM, ensuring KCM's products remain competitive and innovative. He is responsible for leading the development team and managing all quality assurance. He is also responsible for overseeing customization work undertaken for key customers. Prior to setting up KCM, Jacky worked at KBT and Revotech in Korea. He holds a BSc in Electric Engineering from Soong Sil University, Seoul, Korea.

FOR THE OFFICIAL LAUNCH OF MESSAGE  PHONE™

Nick Jotischky, Principal Analyst, Informa

Nick is a Principal Analyst within Informa Telecoms & Media's Industry Research division. In this role Nick manages Informa's wireless regional research agenda for Middle East, Africa and Asia Pacific, which examines key market drivers and trends in many of the world's fastest growing mobile markets. He is a regular speaker at Informa's events in the Middle East & Africa region, having spoken in Cape Town, Dubai, Abu Dhabi and Cairo. Nick has also authored a number of reports in the last year on subjects ranging from the global M&A climate and the value of non-voice services to mobile operators, to MVNO business models.

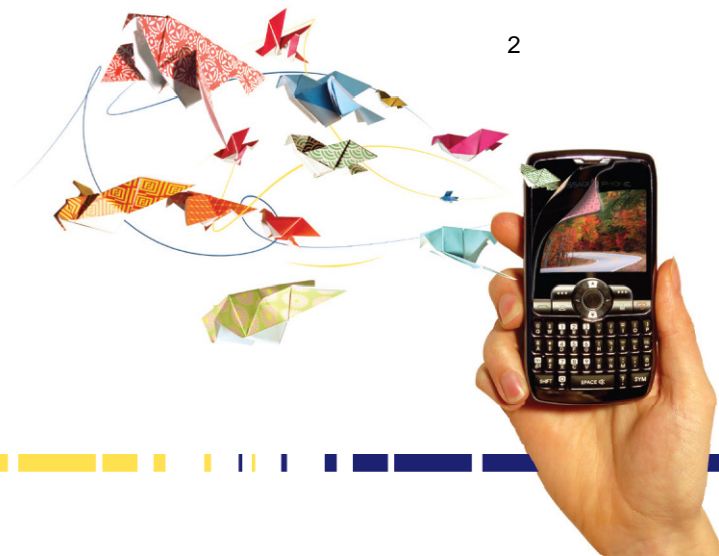

Dr Paul Cornelius, Research Director, JM Finn Capital Markets

Paul has been in the technology industry for 15 years, originally as an apprentice engineer for the Atomic Weapons Establishment, Cardiff. Paul started work as a small cap equity analyst in 2001 with tenures at Evolution Securities, Durlacher and most recently Climate Change Capital. Paul has covered the energy, materials, and technology sectors with particular expertise in sustainable technologies. At JM Finn Capital Markets, Paul provides research on technology companies with particular focus on IT Hardware, Software & Services and Sustainable Technology. Paul has a Bachelors degree (BEngHONS) from Sheffield University and a Doctorate in Engineering (DEng) from University of Wales - Swansea.

FOR THE OFFICIAL LAUNCH OF MESSAGE  PHONE™

About Synchronica

Synchronica plc is a leading developer of next-generation mobile messaging solutions based on open industry standards. The award-winning product portfolio includes the flagship product Mobile Gateway, providing push email, synchronization, instant messaging, backup & restore and mobile connectivity to social networks. Synchronica's products are white-labeled and offered by mobile operators in emerging and developed markets to provide mass-market messaging services increasing data revenues and reducing churn.

Synchronica's Mobile Gateway provides a unique multi-protocol gateway combining Push IMAP, SyncML, ActiveSync, Email-to-MMS and Email-to-SMS, delivering push email and synchronization to literally any mobile phone currently in the market without requiring an additional client to be downloaded. Expanding Instant Messaging to mobile devices, Mobile Gateway establishes carrier-branded IM communities using the industry-standard XMPP and provides gateways to popular internet IM communities connecting any IMPS enabled handset.

Headquartered in England, Synchronica also maintains a development centre in Germany, in addition to a regional presence in the USA, Hong Kong and Dubai. Synchronica plc is a public company traded on the AIM list of the London Stock Exchange (SYNC.L). For further information please visit www.synchronica.com.
